

On behalf of your Whispering Pines Fire Protection District Board of Directors, I would like to invite you to attend this annual meeting with your volunteer firefighters and district board members and see the quality and dedication of these individuals who willingly contribute time from their lives towards the protection of your homes and to your aid in numerous emergencies. We would enjoy meeting you, providing you current information on the department and getting your input. The vehicles and equipment of the department will be available for viewing, discussing, and & “crawling around on.”

As we have been doing for many years, this meeting will be held in conjunction the annual meeting of the Black Hills Electric Coop. They will be there to update you on the happenings of the Coop and answer any questions you may have.

Current issues being addressed by the Board and the VFD will be discussed. Those include the financial health of the district; station maintenance and proposed modifications; status of our new engine and utility truck construction; and the possible future challenges for our department, the other Pennington County VFDs and the volunteer fire service in general.

I would also invite anyone interested in becoming a member of the Board of Directors to attend this meeting and become involved. The Board of Directors consists of seven elected members who serve two-year terms. Each year either three or four of those terms expire. This year, three of the Director’s terms will expire. All three of the directors have agreed to run again. If you are interested in running for one of these positions, please let me know and we can discuss what is required. We will be voting during the meeting to fill all three positions for another 2 years.

If you have a question concerning fire, you can communicate with the VFD via different methods. You can see those methods and contacts and find out more detailed information about your department on their website and follow what they have been up to on social media.

So, come visit, have soup or chili made by your firefighters and served by your Coop leaders and board members. Oh, and bring a desert to share if you are so inclined!

Interested in Joining Whispering Pines Fire Department?

Your local volunteer fire department needs people who enjoy a challenge and have a desire to help other in the community.

We are looking for people who are interested in becoming firefighters, first responders, and emergency medical technicians. All volunteers are offered the opportunity to be professionally trained in any, or all the areas listed. It's a great way to do something important for your community and for yourself.

The Whispering Pines Fire Department will be having an informational meeting in conjunction with our annual District Meeting for anyone 18 years of age or older interested in joining the Fire Department.

Can We Find You?

Whispering Pines would like to ask all the residents to see if their house numbers are on their house and visible from the street. If not, please place or replace the house numbers so that we can find you quickly if there is an emergency.

Post your house numbers so they are clearly visible from the street. If you have a long driveway, post your house numbers at the end of the driveway as well so that they are visible both ways coming down the street. Please use numbers that are at least four (4) inches in height and have a contrasting color to your trim or house color.
